

YUBA COUNTY AIRPORT (MYV) OLIVEHURST—CALIFORNIA

GOLDEN WEST REGIONAL
AIRSHOW & FLY-IN

JUNE 6, 7 & 8, 2014

SPONSOR PACKAGE

KidQwest

WHERE FUN AND FLIGHT MEET!

KidQwest contains activities for kids of all ages. Imagine making your own airplane or rocket, enter a coloring contest, explore the different principles of flight, make and drop your own parachute, and many other exciting activities.

A Tiny Pilots Lounge for children under 3 is available along with a diaper changing station.

Forums & Workshops

Forums are an opportunity to learn more about aviation. Are you building your own aircraft or buying your first homebuilt and want to learn more? Are you a history buff? Are you just interested in aviation in general? A pilot looking for new ideas and new technology? Interested in the Sport Pilot Program? Or, get some hand-on experience through our workshops—learn how to build an engine or see new techniques in our composite workshop.

The Aeromall includes exhibitors from all areas of aviation. See aircraft on display, aviation instrumentation, meet the manufacturers of products you use or would like to know more about. See demonstrations and sample products. The exhibitors showcase will be presented throughout the event so that you can see aircraft in flight before you buy or just learn about the new aircraft being manufactured.

AIRSHOW

Experience aviation overhead—professional aerobatic pilots perform thrilling routines in a demonstration of extreme flying at its best. The aerobatic airshow is planned for Saturday.

GOLDEN WEST SPONSOR OPPORTUNITIES

GOLD SPONSOR

Sponsor Amount: \$5,000

Logo on advertising material
Sponsor name on website & link
Souvenir Event Pins
Event Entry Bands
Access to Sponsor Area
Exhibit Display Area
Benefits Included Based on

- Experience aviation overhead— professional aerobatic pilots perform thrilling routines in a demonstration of extreme flying at its best
- Experience aviation on the ground. . . Static displays, seminars, workshops, activities
- Listen to forum speakers who share their knowledge and experiences
- Talk with aircraft owners and builders about the airplanes they brought to display
- Learn something about flying or how to be a pilot
- Try your hand at aircraft construction techniques in the workshops
- Touch, feel, and purchase exhibitor's products
- Fly a computer simulator or help build a fuselage
- Network and just have “plane” fun!

The Golden West Aviation Association, Inc., was formed by Experimental Aircraft Association (EAA) Chapters throughout California and was incorporated in May 1997 as a nonprofit educational organization. With a mission of the furtherance of aviation technology, education, and safety for EAA members and the public and to preserve aviation history, GWAA's goals are to establish and operate a large West Coast aviation convention recognized internationally for its excellence, meeting the standards EAA members have come to expect.
